The Trek is a ride, not a race.

The safety of our riders, volunteers, and the community is our number one concern. Year round, we work with state and local authorities for safety oversight and road use approval. We have trained volunteers and local and state first responders stationed throughout the route to help safeguard the Trek community. Any sport has inherent risks to it; all Trek guidelines and the rules of the road are strictly enforced.

Starting a Team

CREATE YOUR OWN TEAM:

If you are registered as an individual and are interested in becoming a Team Captain and starting your own team: please email TrekAcrossMaine@Lung.org or call 207-624-0312. Trek staff will assist you in creating and setting up your team online so that others can join as they register for the Trek Across Maine.

STEPS TO CREATE YOUR OWN TEAM:

1. Decide on a team name! The ALA encourages you to be as creative or crazy as you like when selecting your team name! If you change your mind, we can help you to make the change!
2. Remind team members they must complete their individual registrations for the Trek. Each team member will need to register individually for the Trek Across Maine. Remind them to choose "Join a Team" when they register...your team name will be in a drop down menu for them to select!
3. Recruit a co-captain -The more help you can get, the better!

A team captain can create a team by simply registering themselves. Additional members can be added at any time during the year.

JOIN AN EXISTING TEAM:

If you are interested in joining a Trek Team that already exists: please email TrekAcrossMaine@Lung.org and provide the name of the team that you'd like to join. If you don't have a specific team in mind, but are interested in joining one in your area: join our Trek Facebook Group as a way to connect with teams and team captains: [Facebook.com/groups/TrekAcrossMaine](https://www.facebook.com/groups/TrekAcrossMaine)

Bike repairs and Mechanical Support:

Sponsoring bike shops are located at the start and finish line each day, offering bike service, parts, and repairs. Mechanics are also located at each rest stop along the Trek route, should you need assistance while on the road. Labor is free, but please bring money for parts and accessories.

We encourage you to visit one of our sponsoring bike shops to have your bike inspected (for FREE). If you are outside of Maine, please visit your local bike shop for inspection. Signed bike inspection forms are a requirement to participate in the Trek Across Maine. Sponsor bike shops will begin offering inspections on March 1, 2025.
