

You are Invited to Join the Arthritis Foundation for a Special Program

Juvenile Arthritis & Rheumatic Disease Family Educational Program

Saturday, June 10, 2023
8:30 AM - 10:00 AM

Montgomery County Community College, Health Sciences Building
340 Dekalb Pike, Room 2901, Blue Bell, PA 19422

Please join us for a JA Family Program with Dr. Jay Mehta before the Walk to Cure Arthritis.

Dr. Mehta will give a 45-minute presentation on JIA and other childhood rheumatic diseases followed by a Q&A session. The educational program is for parents only but counselors from Camp JRA will be onsite to entertain the kids (including siblings who don't have JIA) in a neighboring room.

Registration is free and light refreshments will be served.

We encourage you to consider staying for the Walk to Cure Arthritis event taking place outside the Health Science Building that day and encourage you to pre-register for the event at walktocurearthritis.org/philadelphia. There will be fun activities for kids to enjoy including Touch a Truck with the Harmonville Fire Department, a scavenger hunt, games, rock painting and much more.

Jay Mehta, MD, MS, is an attending physician with the Division of Rheumatology and Associate Program Director of the Pediatrics Residency Program at Children's Hospital of Philadelphia. Areas of Expertise: Autoimmune disease, Juvenile arthritis, Lupus/SLE, Vasculitis.

REGISTRATION IS REQUIRED
