Dear [Community Member],

As a member of the NMDP<sup>SM</sup> Chapters Program on our campus here at [SCHOOL NAME], I am offering you an opportunity to help save lives.

Did you know that every three minutes someone in the U.S. is diagnosed with a life-threatening blood cancer such as leukemia and lymphoma? For thousands of these patients, their only hope for a second chance at life—their only chance of a cure—is a blood stem cell transplant from someone outside their family.

NMDP believes each of us holds the key to curing blood cancers and disorders. As a global nonprofit leader in cell therapy, NMDP creates essential connections between researchers and supporters to inspire action and accelerate innovation to find life-saving cures. With the help of blood stem cell donors from the world's most diverse registry and their extensive network of transplant partners, physicians, and caregivers, NMDP is expanding access to treatment so that every patient can receive their life-saving cell therapy.

My chapter is fundraising to help:

- Provide grants to patients so they can focus on healing instead of medical bills
- Grow and diversify the NMDP Registry<sup>SM</sup> to find more cures
- Fund groundbreaking medical research to improve transplant outcomes

Will you please support my efforts with a contribution of any amount? Together, we can save more lives.

Sincerely,

[First and Last Name]
