

Communication Tips

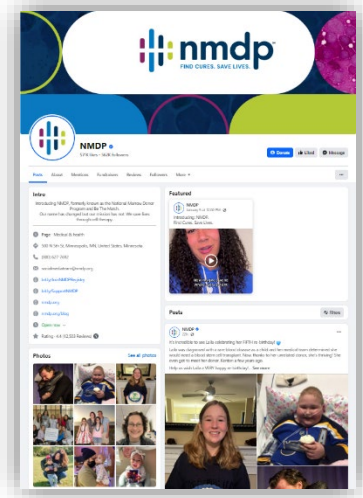

- Start by texting, emailing, or calling all your friends, family, and coworkers to ask if they will help you with your efforts. It's important to end the message with an ask such as "will you help me reach my goal?".
- Send reminders and use urgency and impact statements – make sure everyone knows your deadline or event date and remind them how the funds will be used to save lives!
- Add pictures and share your personal story explaining why you are passionate about raising funds for NMDPSM.
- Update your friends and family about your progress and thank them for their contributions. Consider thanking people with public shout-outs as they give or sign up for your event—keep the content fresh!

Instagram Tips

- Create a pinned post on your profile sharing why this event is important to you.
- Go live to pre-promote your event and on the day of your event to gain a following.
- Post a link to your fundraising page in your bio if you want to ensure your donations appear on your NMDP fundraising page. You may use IG's donate stickers, however those donations may not appear on your page.
- Create a reel of your event and add the link to your fundraiser.
- Post videos of yourself explaining why your event is important.
- Update your followers on your progress and success!
- Give shoutouts to your donors by tagging them in your stories.
