

CHD WALK_{for} HOPE

Forward, together.

FREQUENTLY ASKED QUESTIONS

What is the CHD Coalition?

The Congenital Heart Defect Coalition (CHD Coalition) is a charitable nonprofit organization whose sole purpose is to improve the quality of life for children and adults born with a congenital heart defect or CHD. The three main pillars of our mission are focused on uniting and supporting the CHD community; increasing public awareness; and raising money for lifesaving medical research.

What distinguishes us from other organizations is our commitment to research. Innovative research and emerging medical technologies offer an enormous impact on the survival and long-term care of individuals affected by CHD. This mission is important to us because historically, research specific to CHD has been largely underfunded due to a lack of widespread national awareness.

While research offers the promising potential for improvement and prevention of CHD's, programs that support the community and hospitals deliver an immediate benefit to the families and children. For this reason, the Congenital Heart Defect Coalition is a unique organization that understands the importance of contributing to both.

Where does our fundraising go?

The CHD Coalition is operated and led by volunteers with no salaried employees. Fundraising allows the CHD Coalition to continue to provide exceptional programs to hospitals and families, scholarships, and promote medical research, which ultimately has a direct impact on the lives of everyone affected with congenital heart disease.

United together, we can achieve our fundraising goal and advance CHD-specific medical research. With your help, we can have an enormous impact on the survival and long-term care of individuals affected by congenital heart disease.

What is the CHD Walk for Hope?

The CHD Walk for Hope is much more than a fundraiser. It is a meaningful event that allows families and friends to rally in support of their CHD Warrior and to honor the Angels who have lost their battle to congenital heart defects. The CHD Coalition was formed under the belief that even when you feel hopeless, you never give up hope. You are not alone on your journey with congenital heart defects.

This amazing event is a celebration. It brings the CHD community together to generate awareness and raise funds for research. By advancing research, survival and long-term medical care are improving. Join us on this special day to unite together and change the future of congenital heart defects. Every dollar we raise, every story we share, every step we take helps.

What precautions are being made related to COVID-19?

The health and safety of our CHD Warriors and families is of utmost importance. We will be adhering to the COVID-19 guidelines published by the State of NJ. More specifically, we will be doing the following at this year's event:

- Masks are optional but not mandatory.
- Pre-packaged snacks and beverages will be provided. You are welcome to bring outside food and non-alcoholic beverages.
- Children's games will be available; we will ensure proper cleanliness.
- Tables and chairs for our participants will not be available. Please consider bringing your own folding chair.

Our core purpose of the CHD Walk for Hope has not faltered – unite together to celebrate our Angels and Warriors, honor our Angels with the butterfly ceremony, and to raise funds for life-saving medical research.
