

# 1 out of 5 children with cancer in the U.S. will not survive.

And for those who do, the battle is never over.

I'm raising money for childhood cancer research because cancer remains the most common cause of death by disease among kids in the United States. Let's make a difference for kids with cancer!

Name: \_\_\_\_\_

Donate to support my fundraising: \_\_\_\_\_

**Help make a big impact in  
the lives of kids fighting cancer.**

Children's Cancer Research Fund supports scientists looking for better, safer treatments to help children everywhere.
