

Wounded Warrior Project® (WWP) began in 2003 as a small, grassroots effort providing simple care and comfort items to the hospital bedsides of the first wounded service members returning home from the conflicts in Iraq and Afghanistan. As their post-service needs evolved, so have WWP programs and services, which include mental health, career counseling, and long-term rehabilitative care — improving the lives of millions of warriors and their families. This effort requires the passion and commitment of friends, supporters, and like-minded organizations who enable us to fulfill our mission and guarantee, as much as possible, that when those who serve come home, they're

afforded every opportunity to be as successful as a civilian as they were in the military.

WOUNDED WARRIOR PROJECT °

TO HONOR AND EMPOWER WOUNDED WARRIORS

Our direct programs and services, advocacy efforts, and collaboration with best-in-practice veteran and military organizations advance the WWP vision: to foster the most successful, well-adjusted generation of wounded service members in our nation's history.

HOW WE SERVE

We fulfill our mission in three distinct ways:

Through this work, we serve post-9/11 warriors and their family members, and help improve the lives of millions of veterans across all generations.

HOW YOU CAN HELP

It's only through the passion and generosity of friends, supporters, and like-minded organizations that we are able to offer these life-changing programs and services, at no cost, to so many deserving warriors and their families. Together, we can make a successful future not just a possibility for them, but a reality.
