

START A FACEBOOK FUNDRAISER

Creating a Facebook Fundraiser through your Fundraising Portal allows you to share your story and collect donations directly through Facebook! Donations appear in real-time, and your fundraising total is reflected in both the Facebook Fundraiser and your personal page.

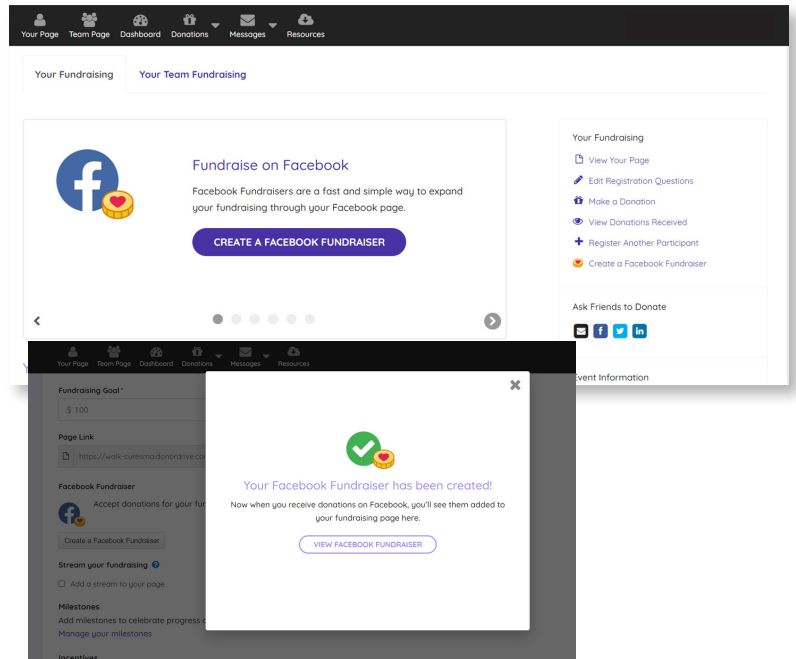

It is important to note that you must create your Facebook Fundraiser through your Fundraising Portal if you would like it to be linked to your personal fundraising page. A fundraiser created on Facebook first cannot be linked. Need help getting started? Email fundraising@curesma.org.
