

Little VictorThons

K-12 ENGAGEMENT PROGRAM

K-12 Engagement through Dance Marathon at the University of Michigan creates opportunities for students across the state of Michigan to show their support for the Little Victors.

A Little VictorThon is any fundraising event, hosted by YOU, in support of the Little Victors! Team up with your classmates, friends, or a community organization to raise money, with the help of the K-12 Engagement Committee!

ABOUT US

Dance Marathon at the University of Michigan (DMUM) is a student-run nonprofit organization that raises funds and awareness for pediatric therapies at C.S. Mott Children's Hospital in Ann Arbor, Michigan. Contrary to popular belief, we are not a dance group!

Our student leadership body works closely with the community and the rest of our organization to support pediatric therapists through volunteering and coordinating fundraising and community engagement events to benefit the Little Victors -- the young patients at C.S. Mott Children's Hospital.

WHY LVT?

Hosting a Little VictorThon (LVT) fundraising event **educates** and **empowers** youth leaders as they positively impact their community and develop their **passion for helping others**. Students exercise their **creativity** by brainstorming fun and exciting activities for their event, while also improving their skills in **public speaking, critical thinking, organization, and time management!**
