**EPILEPSY**

## We're on a Mission

Our mission is to lead the fight to overcome the challenges of living with epilepsy and to accelerate therapies to stop seizures, find cures, and save lives.

## The Impact is Real

The Epilepsy Foundation, a national nonprofit with more than 50 local organizations throughout the United States, has led the fight against seizures since 1968. With your support, we work to prevent, control, and cure epilepsy through community services; public education; federal and local advocacy; and supporting research into new treatments and therapies.

## What is Stream for Epilepsy?

Stream for Epilepsy brings together online content creators to do what they love and raise funds and awareness for the Epilepsy Foundation in real time via popular streaming platforms such as Twitch and YouTube, and encourages friends, family and followers to donate and support the Epilepsy Foundation in real time.

## Why Stream for Epilepsy?

By streaming and fundraising, you play an important role as we work to improve the lives of the 3.4 million people in the U.S. and 65 million worldwide who suffer from epilepsy. With a Four Star Charity Navigator Rating, \$.83 of every dollar we raise is used both locally and nationwide to fund research into new therapies, education and awareness, and advocacy efforts.

## How can you Stream for Epilepsy?

### Step 1: Register

Register to create a fundraising page and gain access to our stream-friendly suite of tools.

### Step 2: Spread the Word

Set up your stream and ask family and friends to donate to your fundraising and recruit others to join your team.

### Step 3: Stream and Fundraise

Stream your activity, have fun, and transform the lives of people affected by epilepsies.
