How to edit your Fundraising Page

Now that you can easily navigate your Participant Center, make sure to customize your Fundraising Page to increase the impact of your lemonade stand! See below for how to customize and easily share your lemonade stand:

Upload a photo to add more meaning to your fundraising page.

Add your personal story and share what Lemonade for Livy means to you under the 'My Story' tab.

Choose a fundraising goal. Aim high and be vocal about your goal!

Create your own page URL and share it widely with others!

The screenshot shows the fundraising page for Anna Ledden. On the left, there's a lemonade stand graphic with a goal of \$100. Below it are social media sharing buttons for Facebook, Twitter, LinkedIn, and a 'GET PAGE LINK' button. The main content area has tabs for 'My Story', 'Donations', and 'Settings'. The 'Settings' tab is selected, showing options to set a fundraising goal (currently \$100.00), create a Facebook fundraiser, and stream the fundraising. Arrows from the text blocks point to the photo upload area, the 'My Story' tab, the fundraising goal field, the 'GET PAGE LINK' button, and the Facebook fundraiser section.

Get the word out and easily share your page on social media.

Setting up a Facebook fundraiser is easy! Plus, Facebook fundraisers on average raise \$150 more.
