WHY SHOULD I TAKE PART?

We want to bring every eligible child's wish to life, but right now thousands of wishes are waiting due to COVID-19. We need your help to make sure that when life returns to normal, no child must wait for their already delayed wish.

Don't wait for hope... create it!

“ Being challenged to climb a mountain and knowing that I was helping give a child hope to face their own challenges was so rewarding. ”
- 2020 Participant

“ Having the wish was such a big thing to look forward to when I was going through chemotherapy. It kept me going and gave me something special to dream about. It was awesome! This wish changed my life for the better. ”
- Xander, Wish Recipient
