

I wish to have a downhill mountain bike

Gabriel, 15
spinal muscular atrophy

Gabriel is an active, energetic, and thrill-seeking teenager with a love for the outdoors. His condition does not define him, and he continues to challenge himself in as many ways as he can. His passion for downhill mountain biking is a great outlet for that and his dream sure came true when his wish was granted for a new mountain bike!

"Seeing the huge smiles on Gabriel's face every time he finishes a run down the mountain just makes my heart so happy. He has faced challenges and adversity on so many levels and riding allows him to just get out there, be in nature, be free and just forget the world," said Gabriel's mom.

There are many riders that Gabriel admires, some local ones as well like Dale Stone and Geoff Gulevich.

"Many thanks to Make-A-Wish and for everyone involved in making Gabriel's dream come true!"
