

Make-A-Wish[®] **HOLIDAY** **WISH BOX**

Elliot's Wish Come True

Elliot is a 7-year-old boy living with a bone disorder. He was overjoyed when he learned he would be receiving a wish - and his mom told us it was as if he'd been awarded a medal of honour.

I wish to have my favourite electronics!

Elliot, 7
bone disorder

Elliot's wish granting team was excited to deliver his wish, at a distance! They were able to celebrate his wish in the driveway, even though it was chilly. Elliot and his siblings were so excited to receive all his new electronics. It was an especially perfect time, for them all to keep busy during the pandemic lockdown.

Elliot's dad says it best; "COVID was a damper on the experience, but it was still a very special event. The day Elliot's wish was granted will be a memory for our family to cherish. Elliot and his siblings have been through a lot over the past few years. It was good to have him, his brother, and sister have something so special to come from what they have endured." He added, "Make-A-Wish will forever hold a special place in our hearts. The banner from his wish day is prominently displayed in his new entertainment space. Elliot wears his wish kid shirt on a regular basis."

Elliot's new electronics will allow him and his siblings to enjoy time together and make memories that will last a lifetime!

**Together, we create life-changing wishes
for children with critical illnesses.**

Make-A-Wish[®] HOLIDAY WISH BOX

“ *Elliot has a very rare disease. Rare to the extent that he is one of only a few hundred cases ever recorded. He is currently 1 of only 4 or 5 kids in the world fighting this specific fight.*

*When we were given these numbers I said that
Elliot won the wrong lottery.*

Make-A-Wish made these odds a win for Elliot.

It's that silver lining and a ray of hope.

- Elliot's Dad
