

Zoe's Story

I wish to have a spa

Zoe, wish granted 2021
nervous system disorder

Zoe is a young girl with a lot of personality. She loves to play outside in all seasons: fishing, snowshoeing or swimming. She also has a lot of fun with her big brother and their Bernese Mountain Dog.

Zoe lives with Rett Syndrome. She is non-verbal and has limited mobility. But that doesn't stop her from enjoying every second and understanding everything that's going on around her.

Because of COVID-19, Zoe had to re-imagine her wish and took the time to really think about what would make her happy every day. She finally wished for a spa. Her wish makes her feel good in between physio treatments and her smile speaks volumes about her happiness.
