

## Macie's Story

*I wish to have a  
Niagara Falls trip with my family*

Nine-year-old Macie enjoys singing and dancing to country music, especially her favourite artist – Luke Bryan. She loves to spend time with her family watching movies, playing games and going on adventures. She also enjoys swimming, playing basketball and hide and seek with her younger brother and sister. Macie is living with a heart condition and is aware of her limitations.

Macie makes the most out of every day and loves using her imagination. Once Macie found out she was eligible to have a wish granted, her decision was an easy one! She wished to have a Niagara Falls experience with her family. Macie loves spending time with her family, having fun, laughing, and making memories.

“Being able to be together as a family enjoying the moments without a worry was truly amazing,” said Kayla, Macie’s mom. From Limo rides, Great Wolf Lodge, Butterfly Conservatory, Bird Kingdom, Arcade, visiting the falls up close, Rainforest Café, and all the fun in between. “It was amazing watching Macie’s wish unfold and seeing her excitement and joy through it all,” continued Kayla. We asked Macie what her favourite part of her wish was, and she told us, “Everything was my favourite part!” It was an ultimate vacation experience where many family memories were made.

Thanks to the generous support of the 2022 Make-A-Wish Car Rally, we can continue to create hope and transform lives one wish at a time.
