

WINNIPEG, MANITOBA

★ NOVEMBER 20-21, 2024 ★

Trees of Joy is a heartwarming and magical event that brings together compassionate community sponsors and wonderful wish kids, as they unite to make more dreams come true. Trees of Joy invites supporters to sponsor a tree for \$10,000, the average cost of a wish, and pairs them with a wish child to customize a special holiday tree for them. Trees of Joy creates a sense of community, inspires others, spreads hope and joy during the holiday season, and most importantly, helps grant more wishes to children who need them most.

The very first Trees of Joy event began in 2016 in Toronto and has since expanded across the country. This spectacular success speaks to the magic of what the event has become, as well as to the generosity of our community.

2024 marks the **third annual** Trees of Joy in Winnipeg, **co-chaired by Pam Sigurdson and Norva Riddell**. We're thrilled to once again take over **The Gates on Roblin** during the course of two dates. Your team of up to 10 people will decorate a special and unique tree specifically for your wish child, and enjoy brunch and other festivities with their family following the magical tree unveiling and lighting ceremony. After the event, each child receives their customized and personalized tree delivered to their home to enjoy with their families over the holiday season. We very much look forward to having you experience this extraordinary event with us!

"The most rewarding thing you will do all year! The day was truly magical – from the anticipatory early morning setup to the breathless moments when we darkened the room to let in the wish families. Lighting the trees and lighting up the faces of all the wish kids is the purest of all joys."

- Ray Louie, Owner of The Gates on Roblin (pictured on left)

Transform lives, one wish at a time.
