You're changing lives

The COVID-19 pandemic intensifies the challenges of MS and it is taking a toll on our community:

Does my MS medication or essential job make me vulnerable to COVID-19?

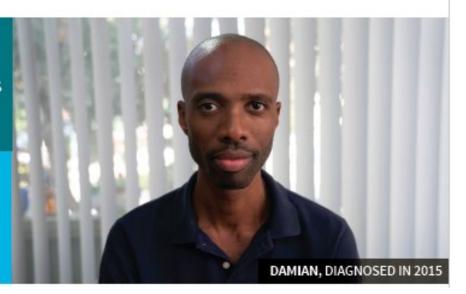

How will I take care of myself and remain mobile if I'm alone?

Will I be able to afford my MS medication or even my rent now that I'm laid off?

Will MS researchers remain focused on a cure?

Make Impact

MS doesn't stop, and neither will we.

- MS Navigator Program
- Coronavirus and MS Resources
- Ask an MS Expert webinar
- Connecting individuals with doctors and resources
- Virtual self-help groups
