

This year over 48,250 people in the U.S. alone will be newly diagnosed with oral cancer, which includes: mouth, tongue, and throat cancer. This event will strive to save lives and reduce these alarming statistics by providing FREE ORAL CANCER SCREENINGS and education at the 9th Annual Oral Cancer Foundation Walk/Run for Awareness in Memory of David Nasto. The event will take place on **Sunday, September 18, 2016** at Perona Farms in Andover, NJ. In addition to the screenings, there will be raffles, live music, breakfast/lunch, speakers and so much more. Last year we raised over \$40,000 for the foundation and its mission!

Head and neck cancers are on the rise. Our goal is to send the critically important message of early detection and prevention not only to the general public, but also to health care providers who are the front-line specialists in screening for and detecting this disease at its earliest and potentially most curable stages.

My brother, David Nasto, lost his life at the young age of 47. He will be gone 10 years this year but his legacy is now to save lives so others will not endure the pain and suffering he experienced. David did not know the early signs and symptoms of oral cancer. Help us change this for others. We want everyone who attends, to walk away more knowledgeable on this subject so they and the ones they love will never experience what David and countless others have.

We invite you to become a corporate sponsor of this event, providing much needed financial support necessary to make this event successful. Your support will enable us to raise awareness of a disease that kills one person every hour of every day, many of whom are young, non-smoking adults. Help us give oral cancer a voice.. Be part of something that saves lives.

Please send your written or emailed response by August 15, 2016.

Best Regards,

Susan Lauria
