

Why do we need your support?

Penn State Health Children's Hospital:

Provides our region's

HIGHEST

level pediatric **trauma** center and neonatal **intensive care** unit.

Treats over

100,000

sick and injured children **every year.**

Needs at least

\$4 million

from CMN **annually** to help save kids' lives and give them a **healthy** future.

Since **1984**, Children's Miracle Network has **raised** more than

\$91 million

for Penn State Health Children's Hospital

Give kids the gift of growing up!

Miracle Child Tyler

Every year, our hospital treats:

425

babies in the NICU

2,136

kids with **diabetes**

6,879

kids for **surgery**

13,906

kids for **cardiology**

25,696

kids for **emergency care**

Gifts fund vital patient **programs**, lifesaving pediatric **equipment**, and transformative **research.**

How does your gift make an impact?

CMN Dollars at Work

\$25

Lip Balm and Stickers

Child Life helps kids decorate anesthesia masks before surgery to make the process less scary.

\$530,000

Portable CT Scanner

Transforms a room into an advanced imaging suite so critically ill or injured children don't need to be moved.

\$373,500

Pediatric Ambulance

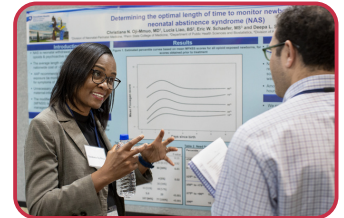

An intensive care unit on wheels that is equipped to transport even the tiniest patients safely.

\$50

Patient Assistance

Provides five meal vouchers to a family in need to help ease the financial burden of a hospital stay.

\$50,000

Research Study

Provides a grant to one pediatric researcher who is making advancements in changing kids' health.

\$200

Adaptive Car Seat

Provides a specialized safety car seat so that children in hip spica casts can safely leave the hospital without calling an ambulance.

\$2,500

Camp Lionheart

Sends a child to Camp Lionheart to enjoy rock climbing, swimming, and zip-lining with the help of medically trained volunteers.

\$20,000

Art Therapy

Supports an art therapist who helps kids visually express and record experiences, perceptions, and feelings to promote healing.
