

# SLEEP OUT CARE MAP

Where could you go if you or someone you know needed help?

To complete this activity, use your phone or computer to look up the closest location for the places listed in the map above. Write down the address and how far each place is from your current location.

If you or someone you knew needed help from one of the places in the map:  
How would you get to those locations? Are they walkable from where you are?
