

“50 Days for 5000 Lives” Child Ambassadors Text to Sponsor a Child Template

Hey **(INSERT FIRST NAME)**, are you familiar with child sponsorship through World Vision? The reason why I am asking is because as a World Vision Child Ambassador I have committed to inviting people to sponsor a child through World Vision. This has been a particularly tough time for so many of us and the precious relationship I have with the **(# of kids)** I sponsor continues to bring me life knowing the exponential impact it has on **(him/her)** and their community. It is one of the best investments I have made, at only \$39/month.

AND...between now and the end of September, because of a gift that was made by a generous World Vision donor, when you sponsor a child, a local family here in the United States affected by COVID-19 will receive an emergency relief kit that includes meals to feed a family of 5 for a week, hygiene supplies, stationery, books for children and more. When you sponsor a child, you are making an impact globally and locally!

Would you consider sponsoring a child or learning more? Feel free to go online and learn more about the children you can sponsor on my page **(link to CA Sponsorship page)**.
